

The X25 Series is designed by EnvisionWare to deliver optimal flexibility based on the needs of your library.

With the X25, you can select from a variety of configuration options with a single system. Options include:

- Countertop:** Opt to use without pedestal as a countertop station
- Pedestal:** Mount on a standard or adjustable height pedestal as a free-standing kiosk
- Sidcar:** Leverage an optional sidcar for additional space for patrons to put items during checkout
- Payment Tower:** Attach an optional payment tower for credit card, coin and bill payments
- Credit Card Terminal:** Attach an optional credit card terminal to any configuration

All hardware is integrated, including computers, RFID readers, and a fully integrated receipt printer. The X25 works with EnvisionWare’s full suite of self-service software products for fine and fee payments, computer reservations, print management and copy payment. The hardware also integrates with your existing software as a self-service station.

1. Standalone Countertop or Use with Pedestal
2. Sidcar
3. Kiosk Pedestal (adjustable height pedestal also available)
4. Payment Tower (Vending Tower)

X25
