PRINT SERVICE
POWERED BY PRINCH

Modern, seamless printing for libraries—on-site and on-the-go

Print Service powered by Princh delivers a sleek, intuitive experience for patrons printing from library computers or their own mobile devices. Built on EnvisionWare's revolutionary Cloud*Nine*® platform, this multi-tenant cloud solution eliminates maintenance headaches and integrates effortlessly with other Cloud*Nine* services.

Key Benefits

- Fresh, modern interface for a frictionless user experience
- Cloud-hosted with Reservation Service and Holds Locker integration for simplified upkeep
- No library card required—just print and go
- Flexible payment options including Google Pay, Apple Pay, and major credit cards
- Streamlined revenue tracking with no PCI compliance burden for libraries

Mobile Print Service Included

Every Print Service installation includes our Mobile Print Service powered by Princh, enabling patrons to print from smartphones, tablets, or laptops—whether they're in the library or printing remotely.

- Empowers patron self-service with an intuitive interface
- Fast and reliable performance for quick print turnaround
- Stability patrons can rely on
- Top-tier data protection with ISO 27001:2022 certification for peace of mind

Seamless Integration

Print Service is fully integrated with Cloud*Nine*'s Reservation Service, creating a unified, cloud-based solution for managing both computer access and printing—designed to elevate the patron experience and reduce staff workload.
